SL: Your discovery call has been scheduled

PV: N/A

Hey {first_name},

You've officially scheduled the discovery call.

Please do two quick things before you close this...

The first is saving and bookmarking your access now: [LINK].

The second is blocking off about forty-five minutes in your calendar: [LINK].

My team is looking forward to it.

2. Unique Mechanism:

SL: The shift that changed everything

PV: N/A

Hey {first_name},

I want to walk you through something before you speak with them on the discovery call.

The reality is that the average person is bound to fail with something like buy-to-let.

It requires putting down a lump sum, settling for a single tenant, and dealing with endless bureaucracy.

This means that you're locked down on every single unit, you miss out on asymmetric rates, and you're constantly being capped out.

It's actually quite realistic for most people to do well with rent-to-rent on the other hand.

It comes down to paying the landlord their rent, letting guests stay at various intervals, and having the freedom to expand.

The result is that you need a fraction of the budget, you pocket all of the excess transfers, and you stack up units as time goes on.

They'll map it all onto your situation and come up with a game plan throughout it.

My team is looking forward to it.

3. Recap:

SL: Host Handbook in a nutshell

PV: N/A

Hey {first_name},

I don't want you entering the discovery call without any idea of what's on the table.

Host Handbook is where I help people build a six-figure business through Airbnb using rent-to-rent.

Here are the main deliverables inside of it:

- One-on-one coaching calls for bespoke guidance and direction.
- One-on-one access for communication at your fingertips.
- Group coaching calls on a regular basis with myself and guests.
- Course content that's comprehensive and up-to-date.
- A community of other operators to embark on the journey alongside.

There are also a ton of other bonuses that I'm not even mentioning right now like The Landlord Proposal.

My team is looking forward to it.

4. Case Study:

SL: Zero to hero

PV: N/A

Hey {first_name},

Let me tell you about one of my students.

Zac wanted to get into this but was pretty lost when he first came to me.

I managed to hook him up with a cash-flowing unit in North Wales.

His first month reached £8,500.

The only thing standing between him and yourself is making a change.

You're closer than you think and you'll get into that more with them on the discovery call.

My team is looking forward to it.

- Samuel

5. Objection Handling:

SL: Let me stop you in your tracks

PV: N/A

Hey {first_name},

I'm going to answer some of my frequently asked questions right now so that you can jump straight into important stuff with them on the discovery call.

Here are the ones that I've been getting the most lately...

You might think that you'll be pushed into something you're not ready for.

The thing is that the whole point of this is to work out whether or not it's even a fit.

You might think that I'll make you feel bad if you decide it isn't for you.

The reality is that I'd rather you walk away than commit while you're on the fence.

You might think that you need to have everything lined up beforehand.

The whole point of this is that we fill in the blanks together.

You might think that you're walking into things completely blind.

The truth is that they're going to look at where you're at and take it from there.

I can guarantee that you'll find it insightful and helpful anyway.

My team is looking forward to it.

6. Conviction Building:

SL: It's different this time

PV: N/A

Hey {first_name},

I'm sure you understand by now the way of building a six-figure business through Airbnb using rent-to-rent.

You might be wondering whether or not it actually makes sense to pursue though.

It's important to understand that there are more landlords and guests on the market than ever, but only a handful of managers doing everything correctly.

The opportunity is wide open as we speak, but it's closing more and more by the day.

The thing is that taking this approach alongside somebody else who's already done it successfully allows you to skip straight past the guesswork.

The discovery call will give you a chance to learn more about that.

My team is looking forward to it.

- Samuel

7. Reminder / Risk Reversal:

SL: It's going down

PV: N/A

Hey {first_name},

The discovery call is happening later today.

Let me strip away all of the nerves before we speak with one another.

I want to remind you about my guarantee to keep working with you free of charge until you've built a six-figure business through Airbnb using rent-to-rent.

This means that you're covered if things don't end up working out.

All I'm going to ask is that you keep an open mind throughout it.

Here's the link for the discovery call by the way: [LINK]

8. Reminder / Urgency & Scarcity:

SL: One hour left

PV: N/A

Hey {first_name},

The discovery call is happening in about an hour.

I want to be straight with you about the timing aspect.

I'm just taking on fifteen people in this particular cohort and it's only going to be open for the next week.

You want to take immediate action if I've piqued your interest whatsoever.

The discovery call will give you the chance to do that: [LINK]

Just make sure that you join up on a laptop while sitting inside of a quiet room.

My team is looking forward to it.
